

RESEARCH PARTICIPANTS NEEDED

Are you now, or have you been in mental health treatment?

What this study is about:

We are a group of mental health researchers trying to find out more about how mental health providers are succeeding or missing opportunities to discuss cultural identity, as part of providing mental health services. We are hoping to learn about your experiences!

Why participate:

All participants will be compensated \$20 for completing an online survey. We will use the information collected to help guide our efforts to promote culturally-relevant mental health care for diverse groups.

To see if you're eligible, scan the QR code below
